

Just a moment ago the new year lay untouched in front of us
and then

everything became different than we knew it before. The 2020 was probably a new experience for all of us and we first had to learn to deal with. In terms of health and economy, the world was facing an unprecedented situation, which unfortunately did not ease at the end of the year. Of course, we all hope that 2021 will bring us back to a certain normality and that we can hug our friends and acquaintances again. The number of illnesses will decrease drastically and we will get the virus under control so that we can move freely and travel again. That it will also be possible for us to maintain our business contacts the way we would like to.

We hope that it was nevertheless a good year for you. One that has brought you personally and your company forward - hopefully also a little bit through the cooperation with us.

We are very happy that Exista is able to support
2 social organizations with a larger donation this year as well.

- **Procap support families with disabled children**
- **Social Work Pastor Sieber**

THANK YOU

for your trust and the good cooperation, which was especially important in this extraordinary year!

The Exista team is looking forward to further joint projects in the New Year and wish you and your family a peaceful end of the year and a good start into a happy and hopefully more relaxed

2021

The Exista Team
